## I. Policy: Careers Education, Information, Advice and Guidance

### I.1. Context

The Education Act 2011 inserts a new duty, section 42A, into Part VII of the Education Act 1997, requiring schools to secure access to independent careers guidance for students in years 7-13. Careers guidance must be presented in an impartial manner and promote the best interests of the pupils to whom it is given. Careers guidance must include information on all options available in respect of 16-18 education or training, including apprenticeships and other work-based education and training options. The CEIAG Policy should be read in conjunction with:

- Statutory Guidance for CEIAG
- Careers Guidance and Access for Education and Training Providers
- The Gatsby Benchmarks for CEIAG
- Work Experience and Work Related Learning Policy
- Child Safeguarding Policy
- Equality and Diversity Policy
- Data Protection Policy
- Provider Access Policy
- The Baker Clause

### I.2. Aim

To provide outstanding careers education, information, advice and guidance in order to ensure that each young person has high aspirations and is fully prepared for their next steps in learning, training or employment beyond their time at our academies.

### I.3. Commitment:

To develop a whole school approach to CEIAG by providing a planned programme of activities within and outside the curriculum by:

- Providing a comprehensive curriculum programme relating to clear learning outcomes for careers education, defined by the CDI framework
- Allowing access for all students to independent and impartial careers guidance from a **matrix** accredited external organization
- Ensuring support for all students to make a successful transition through tutorial and mentoring systems
- Strategically managing and coordinating the services from commissioned and publically funded free at source providers to ensure best use of resources

- Achieving, and maintaining currency of, a nationally accredited Quality in Careers Standard.

#### 1.4. Monitoring requirements:

Monitoring to take place annually in July at the end of the academic year. Monitoring to be undertaken by the Executive Team and submitted to the OGAT Board. This includes a Careers Data Dashboard.

Any submissions for amendments and CEIAG recommendations to be submitted to the Executive Meeting and / or Family of Schools meeting.

Responsibility for monitoring and reporting: at Academy level; SLT Career Lead and Named Academy Council member. (see appendix 1).

## **2. Careers Education, Information, Advice and Guidance Policy and Procedures**

### 2.1. Rationale for CEIAG

In September 2022 the statutory Careers guidance and access for education and training providers was released. The government's career strategy is determined to build a world-class system that will help young people choose the career that is right for them.

It is expected that:

- Maintained schools, special schools and pupil referral units in England to secure independent careers guidance to pupils in school years 8 to 13. The Act extends the duty to all pupils in state-funded secondary education, meaning that schools must now secure independent careers guidance from year 7.
- Schools must provide opportunities for a range of education and training providers to access all year 8 to 13 pupils to inform them about approved technical education qualifications and apprenticeships.
- There will be an increasing need for schools and colleges to work in partnership with employers, careers advisers, local authorities and other education and training providers to support students to prepare for the workplace and to make informed choices about the next step in their education or training.

### 2.2. Vision

Our outstanding careers guidance and support will guarantee students have clear, aspirational and realistic goals for their future study. This will secure increased motivation, greater attainment, higher self-esteem, and ever reducing drop-out rates, leading to all our learners securing meaningful and engaging employment.

### 2.3. Links with other policies

The policy for CEIAG supports and is itself underpinned by a range of key Academy policies such as those stated on page 3 of this policy.

### 2.4. Student entitlement

Careers programmes are designed to meet the needs of all learners. Activities are differentiated and personalised to ensure all students progress in their career learning and development, and to strengthen their motivation, aspirations and attainment at the academy.

## 2.9. Monitoring and tracking of young people

The academies have a responsibility to maintain a full and comprehensive tracking system that gives every student a RAG rating for intervention. The academies track intended destinations, courses and where they attend in the next academic year with further NEETS intervention. The academies maintain records of all CEIAG interventions and interviews. Agreements are in place with external PI6 providers to inform the academies of students applying and attending their place of education. Progress Careers staff may also support tracking of students in line with the Activity Schedule Agreement with each academy. OGAT have data-sharing protocols with Local Authority areas to ensure the exchange of relevant progression data in the best interests of young people.

## Investing in your Son/ Daughter's Future

Research has consistently shown that parents and carers are **the** most influential factor in students' decisions about the future. Your support and encouragement influences their choices, and the guidance you provide will be invaluable to their eventual achievements and career pathways. This might feel a little daunting...the jobs of the future may be very different from your own experiences and choices. In fact, they may not have even been invented yet!

There are some very simple and practical steps you can take to support your child.

- Talk to them about their current educational attainment and estimated grades and encourage them to aim high (the skills shortages of the future will be in higher level jobs)
- Discuss where they want to be and research how to get there (lots of great resources in the Academy and on the internet)
- Use the bespoke [Careers Portal](#) website
- Encourage them to seek out the advice and experiences they need to help them achieve their goals
- Help them with the steps they need to take
