Enrichment 2022/23

Enrichment

Enrichment at Outwood Redcar

Enrichment is such an important part of life at Outwood Academy Redcar and enrichment this year is going to be better than ever. We have a range of different activities for students to get involved in and develop a passion for a variety of activities. The following activities in this booklet are just the start of what is to come and as the year goes on more activities will become available. Enrichments are a great opportunity to build friendships with people who you may not know but share similar interests with you. We look forward to seeing as many of you as possible enjoying enrichment this year!

Academic Enrichments
