Version	Date	Author	Note of revisions
V7	October 2020	L Devine	<p>Changed 'SEND Report' to SEND Information Report' to bring the language in line with the SEND Code of Practice</p> <p>Added a date section to identify when the academy has posted on their website</p> <p>Added an area for academies to provide a link to their local authority local offer</p> <p>Amended wording, where necessary, to assist parental understanding</p> <p>Added a paragraph to evidence how decisions are made about the type and amount of support the child will receive in that section</p> <p>Added elements of the new behaviour policy that align with reasonable adjustments and staff training (highlighted in orange)</p> <p>Added an addendum for Covid-19</p>

V8	November 2021		<p>Added 'We believe that all our students should be valued equally, treated with respect and be given equal opportunities in all forms of school life.' within the provision section to align with the Primary SEN Information Report</p> <p>Added SENDIASS to the Local Authority Parent Partnership Service</p> <p>Changed Champion to Ambassador in the mental wellbeing section</p> <p>Added the Academy's SEND Governor is Mrs S Gouge</p> <p><i>Added may be given on a ratio basis in the classroom or on-line in a virtual learning scenario in the Teaching Assistants section.</i></p> <p><i>Added partnership with the SENDCo / SEND Officer in the Transition section</i></p> <p>Amended assistive technology section to align with primary SEN Information Report</p> <p>Amended Covid-19 Addendum to meet return to school guidance</p>
----	---------------	--	--

What kinds of special educational needs does Outwood Academy Ripon make provision for?

Outwood Academy Ripon is a mainstream school setting. We are fully committed to the provision of equal opportunity for all students, regardless of their ability or individual needs to enable them to achieve their full potential.

We support students with a range of needs, including physical and medical needs, social, emotional and mental health needs, communication and interaction difficulties, sensory needs, autism, ADHD and students who have more difficulty with learning than the majority of children of the same age. We believe that all our pupils should be valued equally, treated with respect and be given equal opportunities in all forms of school life.

If children need additional support to meet our high expectations of being safe, respectful or responsible, we will ensure they have access to support them through appropriate reasonable adjustments, strategies and interventions to meet their individual needs.

We believe that all our students should be valued equally, treated with respect and be given equal opportunities in all forms of school life.

Consideration will be given as to whether continuing disruptive behaviour might be the result of unmet educational or other needs. At this point, the academy will consider whether a multi-agency assessment is necessary.

How does the academy know if students need extra help and what should I do if I think my child may have special educational needs?

We identify the needs of students as early as possible by gathering information from parents, education, health and care services and any previous schools attended prior to the child's entry into the academy. The academy fully supports the SEND Code of Practice (2015), The Equality Act 2010 and the definition of special educational needs taken from section 20 of the Children and Families Act (2014).

This report complies with:

- Section 69(2) of the Children and Families Act 2014;
- Regulation 51 and schedule 1 to the Special Educational Needs and Disability Regulations 2014;
- Section 6 of the 'Special Educational Needs and Disability Code of Practice: 0 to 25 Years' 2015

Throughout this Report, the reference to parents also applies to carers and those with guardianship rights.

If you think your child may have special educational needs, you should contact the Academy in the first instance and speak with the SENDCo or a member of the Inclusion Team.

How does the academy evaluate the effectiveness of its provision for students with special educational needs?

In order to make consistent continuous progress in relation to SEND provision the school encourages feedback from staff, parents and students throughout the year. This is a continuous process including student reviews, parents' evenings, provision mapping and the analysis of data.

Student progress will be monitored on a half-termly basis through our Praising Stars© system, through discussion at parents' evenings, as published on the Academy's calendar and review days held termly, in line with the SEND Code of Practice for students on the SEN register. Progress of students undertaking interventions will be reviewed and evaluated at the end of each block of intervention.

Following this, an evaluation of the effectiveness of the academy SEND provisions and SEND policy takes place. The evaluation of SEND provision is carried out by the Academy and the Policy is evaluated by the Regional Directors of SEND. Information is gathered from different sources such as child and parent surveys / teacher and staff surveys / parent evenings / feedback forms / school forums. Evidence collated helps inform academy development and improve planning. This will be collated and published by the Trust annually in accordance with section 69 of the Children and Families Act 2014.

How will both the academy and I know how my child is progressing and how will the academy help me to support their learning?

Outwood Academy Ripon believes that a close working relationship with parents is vital in order to ensure:

- A) early and accurate identification and assessment of SEND leading to the correct intervention and provision
- B) continuing social and academic progress of children with SEND
- C) personal and academic targets are set and met effectively

Parents are kept up to date with their child's progress through Praising Stars reports, Parents' Evenings and One Page Profile review meetings or Education Health Care Plan reviews.

In cases where more frequent regular contact with parents is necessary, this will be arranged based on the individual student's needs. Parents of students with SEN may be signposted to the Local Authority Parent Partnership Service, also known as SENDIASS (SEND Independent Advice Support Service) in some local authorities, where specific advice, guidance and support may be required.

If an assessment or referral indicates that a student has additional learning needs, parents are invited to attend any meetings with external agencies, are kept up to date and consulted on any points of action drawn up in regards to the provision for their child.

What is the academy's approach to teaching students with special educational needs?

We believe that provision for students with special educational needs is a whole school responsibility requiring a whole school response, involving all staff. We believe that all teachers are teachers of

children with SEND. Teaching staff have access to information on individual student's special educational needs via their Management Information System and the student's One Page Profile to enable them to plan and differentiate their lessons accordingly.

How will the curriculum and learning be matched to my child's needs?

Learning activities are planned to match individual learning needs. The learning environment is stimulating, supportive and well-resourced. Students identified as requiring SEND support will, where appropriate, be supported by the teacher, teaching assistant, Learning Manager or another appropriate member of the school staff team through specific interventions. We will ensure that all staff know and understand the needs of pupils to allow students with SEND to thrive within a broad and balanced curriculum. All staff will have access to training, advice and resources to enable them to contribute to developing fully inclusive practice. Wherever possible we aim to foster quality first teaching in the classroom and continued independence into adulthood where appropriate.

How are decisions made about the type and amount of support my child will receive?

There are many forums where decisions are made about the type and amount of support a pupil will receive; during transition, parental input at EHCP review meetings, One Page Profile process, historical information, through regular monitoring of pupil progress every half-term and any identification of emerging needs, Inclusion meetings, external professionals' input, and with local authority agreement of support.

Each academy has a notional SEN budget as part of the overall funding it receives. This is called notional because it is not a ring-fenced budget and the DfE gives academies the freedom to make their own decisions about how much to spend on SEN support given the needs of their students.

When planning budgets OGAT academies will take into account the additional support required for students with SEN. To support student progress and meet individual needs, academies will aim to use SEN funding as part of its resource allocation, which may include other sources of funding where appropriate e.g. Pupil Premium, Pupil Premium Plus or Catch-Up Premium.

Where individual students require additional support that cannot be met by this notional budget the excess should be met by top-up funding associated with the individual student from the Local Authority. In partnership with other members of the Inclusion Team, the SENDCo will advise where this is appropriate and initiate processes with students, parents and the Local Authority to access the funding and support required.

How will my child be included in activities outside the classroom, including events and trips?

As an inclusive academy, we ensure that students with SEND take as full a part as possible in all Academy activities. We deliver practice that ensures that statutory obligations with regard to SEND are met. No student is omitted from a trip due to their specific needs. If necessary, an Individual Health & Care Plan will be put into place. We will ensure the staff are fully aware of students with special educational needs, and what those needs are. Staff will be given training and support to help them meet

those needs, both in and out of the classroom.

What support will there be for my child's overall well-being?

We work hard to ensure that students are included in all aspects of academy life. We believe that all our students should be valued equally, treated with respect and be given equal opportunities at all times.

For SEND students, and any other students that do not feel socially confident, support is available to build their confidence in social situations to enable students to thrive.

Areas to develop social skills are available during break and lunchtime that are supervised by Inclusion staff. Students are encouraged to develop socially through the joining in of educational games, general conversation and interventions to develop academic and/or life skills.

A member of the senior management team is a Mental Health First Aid certified Mental Wellbeing Lead who leads on the wellbeing of students. Students who have additional emotional needs have the support available from specifically trained Mental Health and Wellbeing Ambassadors.

Students will receive further support from the outside agencies as required. Our support partners include:

- CAMHS
- Compass Reach
- Growing Healthy North Yorkshire's Healthy Child Team
- Children's Social Care
- Early Help Support Services (Prevention)
- Educational Psychology Service
- Inclusive Education Service

Who is the Academy's SEND Governor?

The Academy's SEND Governor is Mrs S Gouge

Who is the Academy's special educational needs and disability coordinator (SENDCo) and what are their contact details?

The Academy's SENDCo is Miss Ratcliffe (maternity cover for Miss Bilby), who can be contacted at the Academy on 01765 604564

What training have staff supporting special educational needs had and what is planned?

We aim to keep all school staff up to date with relevant training and developments in teaching practice in relation to the needs of students with SEND.

All staff have access to relevant SEND focused internal and external training opportunities. The

SENDCo attends regional network meetings led by the Regional Directors of SEND. The SENDCo is appropriately qualified and receives additional training to recognise the difference between an unmet need and poor behaviour. External professionals are involved to give additional advice and guidance, if appropriate. Poor behaviour is never ignored and is regularly monitored to ensure unmet needs are addressed. The SENDCo will cascade necessary training and/or arrange for external professional training to deliver to academy staff where necessary.

We recognise the need for ongoing training concerning SEND and there is funding available to support this professional development. The SENDCo, with the senior leadership team, ensures that training opportunities are matched to school development priorities and those identified through the use of provision management. Ongoing training for all staff is organised as and when required. If a particular student's needs require specific staff training then this will be put in place, for example Manual Handling and Fire Evacuation procedures for students with severe medical needs.

What specialist services and expertise are available or accessed by the academy?

Outwood Academy Ripon invites and seeks advice and support from external agencies in the identification and assessment of, and provision for SEND. The academy continues to build strong working relationships with external support services and shares information and links in order to fully support our SEND pupils. Sharing knowledge and information with our support services is essential in allowing us to provide effective SEND provision within our academy. If a concern is raised it will be brought to the attention of the SENDCo who will then inform the child's parents in line with our safeguarding policy.

The following services will be involved as and when is necessary:

- CAMHS
- Social Care
- Early Help Support Services
- Educational Psychology Service
- Local Authority Specialist Services
- Speech and Language Services
- Inclusive Education Service
- Child development Centre
- North Yorkshire Local Authority SEN Team
- Compass Reach
- Growing Healthy North Yorkshire's Healthy Child Team
- Young Carer's
- Local Authorities Minority Ethnic Achievement Team
- Post-Adoption Support Services

Representatives from voluntary organisations and other external agencies are invited to liaison meetings throughout the year to discuss SEND provision and progress and keep staff up to date with legislation.

In cases where a child is under observation or a cause for concern, focused meetings will be arranged with the appropriate agency. Parents will normally be invited to and informed about any meetings held concerning their child unless there are over-riding safeguarding issues.

How will equipment and facilities to support students with special educational needs be secured? How accessible is the academy?

In addition to support from teaching assistants in the classroom and in small groups, Outwood Academy Ripon provides the following additional resources for our SEND:

Transition

We work closely with all primary schools to make sure that all students feel comfortable with their move to a secondary academy. Students will have the opportunity to have extra visits to school in order to familiarise themselves with the environment and some of the staff they will be working with in the future.

Lunch Support:

Lunch Passes are available by referral from the Inclusion Team that aims to meet the needs of students needing additional short-term support, or for those students with communication and interaction difficulties who may find social times difficult. The pass gives them an opportunity to mix with other students and staff in a small and friendly environment.

Homework Support

Enrichment sessions are held throughout the week to support all students with homework and to give access to ICT when necessary.

Teaching Assistants

Students on the SEN Register and are externally funded may be allocated TA support, depending on needs of the student. The TA support may be allocated on a ratio basis in the classroom or on-line in a virtual learning scenario. TAs work closely with the child, parent and staff to meet the child's needs within the academy. Inclusion staff, SENDCO and Learning Managers are available for students to talk to.

Educational Testing and Screening

Standard testing and assessments and tracking within school helps identify students who may need additional support within lessons or those that may benefit from a more individualised programme of support. It may also provide evidence for referral to a qualified Exam Access Arrangements Assessor to facilitate additional access arrangements for examinations, where appropriate.

The Bridge and Personalised Learning Centre

The Bridge and Personalised Learning Centre (PLC) are bespoke facilities, which provide short-term, time-limited, focused support for individuals who, for a range of reasons, cannot access learning in their current regular learning situations.

The focus of the Bridge and PLC is to identify and remove barriers to educational achievement, ensuring all have equality of opportunity and empowering all students with skills and strategies to deal with their individual areas of need to achieve their maximum potential. The Bridge and PLC accept each student as a unique individual and aims to raise self-esteem and motivation, in a caring and positive atmosphere.

The Bridge & PLC also offer intensive support and interventions for students across the curriculum in small groups or 1:1, coursework catch up sessions for students studying towards qualifications. They offer emotional and study support to students returning from long periods of absence as well as providing reintegration packages for students returning to mainstream. For students who enter the school mid-year, there is also support for them with academy systems, timetables and testing.

The PLC gives opportunities for students with more challenging behaviours to be supported to modify behaviours that are preventing them from reaching the top of the pyramid, as outlined in the Trust's Behaviour Policy (see link to the Behaviour Policy in the section 'Where can I access further information?').

Physical environments

Outwood Academy Ripon incorporates facilities for students, staff with disabilities. Facilities include:

- Disabled parking bays
- Lift Access to some first-floor classrooms
- Ramp Access to some classrooms
- Medical Hygiene Suite

Add link to Accessibility Plan here <https://www.ripon.outwood.com/send>

Assistive Technology

The academy provides access to a limited number of laptops, Chrome books, iPads or any other assistive technology requirements on a needs led basis to support pupils with temporary and long-term physical needs and/or other identified needs related barriers to learning across all areas of the curriculum.

Exam Access Arrangements

An identification of SEND does not result in automatic exam access arrangements. The process of exam access arrangements is governed by the Joint Council for Qualifications (JCQ) and the Awarding Body has to agree to the access arrangement on application. Students are assessed by their normal way of working in the classroom and other appropriate evidence. If identified as requiring access arrangements, the Inclusion Department will coordinate information and refer to the qualified assessor, where appropriate and the Exams Department. Students and parents are notified of the request for exam access arrangements, the outcome of any approved exam access arrangements and any changes to those arrangements.

More details of exam access arrangements can be found at www.jcq.org.uk

School Transport

Where students with SEND require specific transport to and from school, this is arranged by the local authority transport department.

What are the arrangements for consulting young people with SEN and involving them in their education?

We believe that students who are capable of forming views have a right to express their opinions and to have that opinion taken into account. We will seek the views of students and they will be encouraged to be involved in the setting of their own learning targets and in evaluating their own progress. Their views will be taken into account when planning support. Students are encouraged to attend their Review meetings.

Student participation is a right. This will be reflected in decision-making but also encouraged through wider opportunities for participation in school life, for example, through the student voice.

What do I do if I have a concern or complaint about the SEND provision made by the academy?

We value the partnership with parents but should a problem arise, the parents are asked to contact the SENDCo or a Coordinator/Officer of the Inclusion Team in the first instance to discuss the issue.

If a parent or carer has any concerns or complaints regarding the care or welfare of their child, an appointment can be made by them to speak to the SENDCo, who will be able to advise on formal procedures for complaint.

Any complaints will be treated in accordance with the school complaints procedure. For a copy of the complaint's procedure, refer to the academy website.

How does the academy involve other organisations and services (e.g. health, social care, local authority support services and voluntary organisations) in meeting the needs of students with special educational needs and supporting the families of such students?

Outwood Academy Ripon invites and seeks advice and support from external agencies in the identification and assessment of, and provision for, SEND. The academy continues to build strong working relationships and links with external support services in order to fully support our SEND students and aid school inclusion.

The services used by the academy are listed in the above section. Representatives from voluntary organisations and other external agencies are invited to liaison meetings throughout the year to discuss SEND provision and progress and keep staff up to date with legislation.

The Academy Council is kept informed about the involvement of other organisations and services through meetings with the SEN Governor and their subsequent reports to the Academy Council.

How does the academy seek to signpost organisations, services etc., that can provide additional support to parents or students?

The academy has very good working relationships with outside agencies. Outwood Academy Ripon is a member of the Area's Fair Access Panel through which further suggestions as to services available to both academies and parents are made. Parents receive information about external events, which may be relevant to them by text, email or post.

How will the academy prepare my child to:

- 1. Join the school?**
- 2. Transfer between phases of education (e.g. early years to primary, primary to secondary etc.)?**
- 3. Prepare for adulthood and independent living?**

To facilitate the smooth transition for students with support needs both from feeder and non-feeder schools, there will also be, prior to admission:

- The attendance of a representative of the academy at Year 6 Annual Reviews for students with an EHCP, where possible
- A transition programme co-ordinated by Deep Support in partnership with the SENDCo / SEND Officer
- The gathering of additional relevant information from the partner schools
- The making of appropriate transition arrangements with regard to the transition plan put into place in Year 6, including a bespoke transition package and summer school
- A timetable for transition planning for all students with SEND
- Special evening events where prospective students meet their tutor. Students with special educational needs, together with their parents, are also invited to talk to the Inclusion Coordinator and/or SENDCo about the provision for students with SEND. There are extra visits for some students to ensure a smooth transition.
- Staff training may also have taken place where students with high level needs are to be admitted.

Students with special educational needs admitted to school, at times other than year 7 transitions, are carefully assessed on admission to ensure their needs are met.

Outwood Academy Ripon aims to support transition at each stage from Year 7 to 13. Students' individual needs are planned for and supported using transition plans in Year 6, Year 8, Year 11 and Year 13. All students with SEND are supported to ensure transition between educational phases or settings is well planned and that provision is in place to aid this process. Information regarding the additional needs of any student is used to plan provision and support a smooth transition. This includes transition to and from Outwood Academy Ripon.

All students receive information, advice and guidance on Post-16 options and SEND students are escorted on visits to local colleges, Post 16 centres and University.

Where can I access further information?

More details about the SEN Code of Practice 2015 can be found on:

<https://www.gov.uk/government/publications/send-code-of-practice-0-to-25>

Information on the local authority Local Offer can be found at:

www.ripon.outwood.com/send

Information on the Safeguarding Policy can be found at:

www.ripon.outwood.com/policies

Information on the Behaviour Policy can be found at:

www.ripon.outwood.com/policies

Date Send Information Report updated: **5th May 2021**

COVID-19 ADDENDUM:

This addendum is for use during the arrangements for education of SEND students.

It is to be used in conjunction with, and read alongside, the current SEND policy and other closely associated policies e.g. safeguarding ([DfE Covid-19 Guidance](#)), managing medication in education, behaviour management and anti-bullying.

The addendum will be used alongside all government guidance for schools returning to full opening and may change should this guidance change. Changes may also occur where the Local Authority requests schools follow their recommended Covid-19 safety measures due to an increase in community Covid-19 numbers.

Aims:

1. To provide a safe learning environment for students and staff during the Covid-19 pandemic
2. To help students to understand the importance of keeping themselves, their peers and their families safe
3. To provide an environment for students where they understand the covid rules and staff explain new routines explicitly

All students will receive a 'safety briefing' at the beginning of the academic year, and may receive further briefings periodically as appropriate. This will include rules around social distancing; hygiene routines; toilet visits; social times and lunch (where applicable); movement around the Academy; use and sharing of equipment; good conduct. There will also be posters and display boards around the academy which will reinforce the key messages and expectations regarding safety.

The Academy will work in line with DfE guidance, supplemented by its own robust policies and risk assessment.

- Encouraging regular hand-washing more often
- Reminders to avoid touching your eyes, nose, and mouth with unwashed hands
- Reminders to cover your cough or sneeze with a tissue, then throw the tissue in a bin and wash your hands
- Surfaces and equipment cleaned and disinfected frequently
- Reminding children to comply with social distancing where possible and appropriate
- Year groups will be kept as separately as possible
- Parents discouraged from gathering at Academy gates; as far as possible, communication with parents and other stakeholders will be undertaken by telephone or other means to minimise any visitors on the Academy site; parents should be clear about their child's current health before coming onto site.

Website link on **how to wear and remove face coverings:**

www.gov.uk/facecoverings

Some students may be exempt from wearing face coverings. These exemptions may apply to students that:

1. Have a disability that means they cannot wear a face covering
2. Would find wearing a face covering severely distressing

For those students that rely on lip reading to communicate, staff can be issued a visor.

Virtual learning:

The best teaching occurs in the school setting but where this is not possible due to covid-19 reasons or school closures such as adverse weather conditions, a blended approach will be provided so that effective teaching can be accessed by those who are unable to attend school. Teachers are able to personalise and bespoke the work for their students to ensure it is more meaningful and differentiated.

Teaching Assistants will liaise with the class teacher on behalf of the student and will have access to the Google Classroom for the students they would normally support.

Where students cannot access remote learning, the academy must be informed of the difficulties to help support their child with continuing their education. The SENDCo can make arrangements for students to have access to paper-based resources to continue learning at home where necessary.

Parents evenings:

Parents evenings will continue, although these may take place virtually or by other communication methods. Details of parent's evenings will be posted on the academy website.

Website link:

<https://www.ripon.outwood.com/>

Support with mental wellbeing:

The academy supports students and parents in any way it can to assist positive mental wellbeing. Please contact the academy if you have any concerns about the mental wellbeing of your child. In addition, please visit the green Mental Wellbeing button on the academy website home page that gives access to organisations that can help.

Website link:
