

MODERN FOREIGN LANGUAGES

Why is the study of Languages important?

Language means 'the method of human communication used by a particular community'. The study of a different language will enable you to develop an understanding of another culture and therefore gain a more profound understanding of your own language and culture. Language learning is a higher order skill and will encourage you to plan, solve problems, and manipulate the elements of language learnt to communicate effectively. From Year 7 you will have the exciting opportunity to listen to and read authentic material in the target language on a wide range of topics such as school, leisure time, family & relationships, technology, customs and festivals in other countries, to name but a few. You will become confident to speak in front of others and express your opinions in different ways. You will develop your understanding of grammar both in the target language and in English, and learn how to produce relevant, fluent and coherent pieces of writing. Your study of a Modern Foreign Language will encourage you to think deeply and help you more effectively communicate with others – a great life skill that all universities and employers will appreciate.

Across your study you will explore what life is like for young people in the target language country. Lessons will provide a wide range of opportunities for speaking, listening, reading and writing. Your MFL classroom will be brimming with vocabulary learning in fun and exciting ways, the recall of which is the key to all understanding and communication in the target language. You will engage with the grammar of the new language and use logic, reasoning and problem solving skills to apply it in context. Seems challenging - you are going to love it! MFL will expand your mind!

At GCSE we study the AQA GCSE Level 2 French 9-1 specification - not relevant here

Big Issues such as the environment, poverty & homelessness, cultural differences across the world, and social issues are all part of the curriculum at GCSE. You will think about the advantages and disadvantages of social media and technology, as well as reflect on your plans for the future in terms of relationships as well as future study and careers. You will be encouraged to develop your own thoughts and opinions on such issues and then express them not in English, but in the target language. What a level to reach! I bet you can't wait to get started...

What skills will the study of Languages teach you?

You are a citizen in this world and you need to know how to communicate effectively with those around you from all backgrounds and cultures. It will teach you to...

- Develop self-determination
- Master the basics – you have to know simple words first before you can create full sentences and meaningful language.

- Develop your memory skills – repetition is the mother of all learning.
- Express your thoughts and opinions in an organised way.
- Listen and read for detail and identify the key points.
- Take risks and be confident.

What will you know and understand from your study of Languages?

You will ...

- understand grammar and apply it in different contexts.
- communicate effectively in writing for a variety of purposes across a range of specified contexts.
- manipulate the language using and adapting a variety of structures and vocabulary with increasing frequency
- interact effectively in speech; initiate and develop conversations, ask and answer questions, respond to unexpected questions.
- identify the overall message, key points, details and opinions in a variety of short and longer spoken or written passages.
- deduce and infer meaning from a variety of spoken or written texts.
- translate into and out of the target language.

How does your study of Languages support your study in other subjects?

Study of any subject in our curriculum takes full advantage of links with other subject areas- we term these as interdisciplinary links and we make the most of them because we know that deep learning requires the transference of knowledge and skills from one topic of learning to another. Once you can transfer your learning across topics and subject areas then you are really mastering what you know and how to apply your understanding and skills.

Modern Foreign Languages touches on so many other subjects; language learning is the development of literacy skills, which are essential to the study of all subjects. In years 7 and 8, students complete a cultural unit that could be about an artist, a book, a film or the study of a custom or festival in the target language culture. At GCSE and A Level, students discuss global and social issues, which link to study in Science, Geography, Religious Education and Citizenship. There are very close links with the study of English in terms of grammatical language, expressing opinions and developing arguments, as well as the use of literary texts both at GCSE and at A level. You will learn methods of thinking and research that are widely applicable to other subject areas helping your thinking in all subjects.

How can you deepen your understanding of Languages?

We want to inspire you with a passion for language learning and a greater appreciation of different cultures. The MFL department offers lots of great opportunities for you to really engage with this fabulous subject. The Y7 French Spelling Bee competition offers challenge, fun and the opportunity for you to represent our academy in the finals of this Trustwide competition. In Year 8 a small number of gifted and able students are chosen to attend a

Languages Enrichment session at The University of Sheffield where they can try out different languages and discover where a language could take them in the future. For GCSE students, we offer targeted support or further development to help advance your knowledge and understanding and build confidence across all skills in preparation for your GCSE examinations.

How are you assessed in Modern Foreign Languages?

Throughout the 5 years Language course you are assessed using the following assessment objectives which ensure that you can cumulatively build your subject understanding in preparation for future GCSE and A Level study. There are half termly assessment points each year that we term Praising Stars®. For younger years we base our assessment on our subject mapping of the age related expectations across the curriculum, assessing your performance against these expectations. At GCSE, we make predictions informed by our holistic assessment of your progress against the key assessment objectives of the GCSE AQA Specification and your aspirational GCSE targets. These are also the basis for any appropriate support and intervention.

Key Assessment Objectives

AO1: LISTENING: understand and respond to spoken language.

AO2: SPEAKING: communicate and interact in speech.

AO3: READING: understand and respond to written language.

AO4: WRITING: communicate in writing.

How can MFL support your future?

Of course we offer the study of GCSE and we encourage your continued study in this fantastic subject. Yet we know that choice and personal interest are important aspects of worthy study. Whether you have continued your study of Languages into GCSE or A level or not you will have gained access to this enriching subject and its study will have taught you to think differently and deeply.

Modern Foreign Languages are offered at most prestigious universities either as a single honours or a joint honours subject studied alongside other disciplines e.g. Linguistics, Law, Politics, Tourism, International Studies, History, English, Philosophy. The very fact that you have been able to study linguistic thinking will help your future application be they for colleges, universities, apprenticeships or employment.

Careers that the study of MFL supports include:

- Translator
- Interpreter

- Teacher in the UK or abroad.
- Lawyer
- Marketing executive
- Diplomatic service officer
